"I would recommend the ESMT MBA to anyone who is looking to make a move and start working in Germany. Berlin has so much going on, particularly with startups. It is an exciting place to be in terms of tapping into what is happening in the German market. ESMT provided so much support for moving to Germany, alumni connections to interesting companies, and the ability to extend to the 18-month "looking for work" visa after graduation were all highlights of the program and especially appealing to me. The school itself is very well connected, and you have Berlin at your doorstep to go to events, meetups and network."

Hillary Batchelder, MBA2017 graduate, now working at Microsoft as Business Manager in Munich
